DR. PRAMOD S. CHINDER

Director & Head
Dept. of Orthopaedic Oncology
HCG & The Yellow Ribbon.
Bengaluru, India.

EDUCATION

MBBS,MS (Ortho)- Manipal University.
FHRM (NUS Singapore), FMSO (IOR Italy)

WORK EXPERIENCE

Started the musculoskeletal oncology program at HCG in 2010.

- Managed more than 8000+ bone tumours
- Operated more than 5000+ surgeries in last 12 years.
- Works on the Sarcoma Tumour board.

Through the family Foundation and Philanthropists more than 300+ underprivileged bone tumour cases have been treated.

The outcomes are comparable to the world standards and some cases even more with personalized based medicine. The results have been presented and published in various international forums.

Research and Publications

- 40+ publications in National and International Journals
- Presented in the International Orthopaedic Oncology Conferences, i.e. EMSOS, IMSOS, ISOLS

SKILLS

The important milestones in the department are-

- Extensive use of massive allograft with close co-operation with Istituto Ortopedico rizzoli and Prof Marco Manfrini.
- The first in India use of Computer assisted Tumour Surgery [CATS] with the Dr KC Wong from HongKong.
- Usage - 3D printing work in Orthopaedic Oncology.
- Usage of Robotic surgeries in Orthopaedic Oncology.
- Virtual reality in Physiotherapy
- Patient specific implants & Microsurgery.
- Antiaging & Regenerative Medicine Work
